NCLM Board Selection Committee,

Based on multiple positive points of interaction, I previously supported Ann Schneider in her effort to serve on the NCLM Board of Directors. Ann has continued to impress me on how effectively she served municipalities in her role as an At Large Member and as a Presidential Appointee to Co-Chair for the Legislative Policy Committee.

Ann effectively blends her firsthand municipal experience representing The Town of Oak Ridge with a focus, drive and energy to advocate for regional and NCLM initiatives. She has a talent to listen then personalize regional and NCLM messaging for the benefit of municipalities.

I support and appreciate Ann's willingness to expand her service to the NCLM Board of Directors. She is a proven, respected, and effective NCLM ambassador that works to make a difference for towns and cities.

I appreciate your consideration of Ann's application and NCLM's ongoing efforts to inspire dedicated individuals to advance the interest of municipalities in a changing and evolving General Assembly environment.

Sincerely,

Dean Maddox
